

# SEARCH ENGINE OPTIMIZATION

*Shine brighter than your competitors.*

When customers search online, are they finding you or your competitors? If search engines don't know you exist, you are invisible. Ranking higher in search results helps customers find you, driving more customers to your website. Build upon your organic search ranking today to generate more business tomorrow.

88% of users will not leave the first page of search results to find a local business.

GOOGLE, 2011

Over 76% of people used a search engine to find a local business in the last year.

PRNEWswire, 2011

100 Billion Google searches are conducted each month.

SEARCH ENGINE LAND, 2012

\*Number of keywords may vary depending on competitiveness of industry and SEO strategy. Competitive industries (law, medicine, contracting, etc.) benefit most from more advanced packages. \*\*Amount over course of contract.

**Account Set up & Login:** Captures essential information needed in order to begin optimization and set up account.

**Keyword Selection Consultation:** Each client benefits from important research and analysis that helps select the best keyword search terms for a successful campaign.

**Ranking & Reporting:** Every campaign benefits from useful and easy-to-understand reports, which are updated in real time and provide a single location to track rankings, traffic, and overall progress made throughout a campaign.

**Google Analytics/Webmaster Tools Install:** Our team will setup, install and monitor both Google applications.

**Social Bookmarking:** Keyword focused links to your site in the form of bookmarks within social bookmarking communities. We bookmark your website where other users and search engines can see it.

**Duplicate Content Review & Report:** Audit website content and (if needed) recommend changes to avoid duplicate content penalties with search engines.

**Onsite Optimization & Implementation - Images, Content, Meta Descriptions, Title Tags, Keywords:** An in-depth content audit will be performed on the client's website. This audit will ensure that the client's website has quality content that is optimized and highly relevant in the eyes of search engines.

**Directory Submissions:** Submissions to top online directories will quickly build links to your website that search engines can see. These promote keywords and categorize your business.

**Dedicated Account Manager:** Personal access to an SEO expert who is assigned to your account and knows your campaign history and needs.

**Monthly Review Call:** In addition to a dedicated account manager, you will have a scheduled monthly review call to discuss campaign progression, strategy, and next steps.

**YouTube Channel & Video Creation:** Set-up or optimize business YouTube channel including an About write-up. Create and post related videos.

**Custom Article Content & Publication + Blog Post Creation:** Original content written about your keywords and linked to your website URL. This helps build lasting, relevant, and powerful links.

\*Feature based on existing blog on business's website. If no blog is available, Propel will create a blog on Blogspot.com and link to business website.

**Google Authorship / Publisher Setup:** Status within Google to link created content to a specific domain and author or publisher to increase visibility, credibility and search engine results.

\*Feature based on business Google+ profile, Propel reserves the right to substitute other features when not available.

**Onsite Edit Recommendations:** Optimization recommendations for the content on a client's website, based on targeted keywords. This helps build the authority of a client's website in relation to specific search terms.
